A words produce a gassyer the part to which the sense hater is applied.

Pais is an unnatural sensation, arising from an injury or disease which, being transmitted along the nerves to the brain, gives an uneasy perception to the mind.

Remedies recommended to Kill. Pais, or Pars Killers, are either producers of Parulysis, or they are not what they are recommended for. If the sufferer of pain is to undergo a suspension of vitality, or if the unfortunate arm or leg, or if the past of the body suffering the totures of pain, is to suffer an attack of paralysis, we think the the remedy must be worse than the disease. If, on the other hand, it is not a "pure keller," it is a mishomer, and not what its advertisement claims for it.

DR. ROGERS' LIVER WORTH AND TAR FOR THE COMPLETE CORE OF Coughs, Colds, Influence, Asthma, Bronchitie, rollling

Blood, and all other Lung Complaints tending to CONSUMPTION. THE GREAT COUGH REMEDY!

READER! have you a Cough, which you are neglecting, under the idea that it is only a common cold, that it will soon "gear itself out?" Let a friend tell you, in all kindness, what will soon be the probable result. In a short time, if you continue to neglect yourself, you In a short time, if you continue to neglect yourself, you will begin to feel a sense of tightness and oppression across the chest, accompanied with frequent sharp darting pains. Then a dry, backing Lough will set in, and when you raise anything it will be a thick and yellowish, or white frothy matter, streaked, pertaps, with blood. If you still take no medicine, these ampleasant symptoms will increase, and you will soon have Hootic Fayer, Cold Chills, Night Sweats, Coping cus Expectoration, and then Great Prostration. If you still neglect yourself, a few weeks or months will see you consign et to the grave, leaving your friends to mourn how rapidly CONSUMPTION did its work, and harried you away.—Friend! have you no cause to be alarmed? In the above sketch you may see as in a glass, how every case of Con-sumption progresses, with more or less rapidity, to a fatal termination. Of all the Thousands and Millions whom this

termination. Of all the Thousands and allifons whoch this great Destroyer has galacted to the tomb, every single case began with a Cold! If this had been amond diva, all might have been well but, being neglected, under the faul delusion that it would "wear itsel," it transferred its deadly action to the substance of the langs, exciting there the formation of tubercles. Another, and another cold added fuel to be flame, until these tubercles began to soften and suppurate, leaving the training describes in a great excites in the langs. leaving, by their ulcuration, great cavities in the Luigs. At this erisis, the disease is very difficult of cure, and oftentimes sets at defigure all human means. In the latter or worst stage, this medicine will offentimes arrest the disease, or check its progress, and will a ways make the patient more comfortalle, and prolong his life, and

make the patient more comfortable, and protong his life, and is therefore worthy of a trial;—but in its recipient or forming periods, Consumption is as curable as any other disease, and "Dr. Rogers" Syrup of Liverworth, Tar, and Canchalagus, "if taken at this time, will cure it 2.37 AS SURELY AS IT IS TAKEN! 3.2 This is strong language, but we can refer you to numberless living witnesses to prove that it is TRUE! And therefore, we carnestly exhort every man, woman and child, who has a Cough, or is subject to Colds, to keep medicine by you in the house; and whenever you take Cold, do not "let it alone" to work mischief in your system, but eradicate it theroughle, at once, by this peace, fully bealing compound and leave your Lungs unnipured, to carry you in full vigor to a good old age!

MOTHERS!

Have you delicate, weakly children, who are always taking cold, and subject to Croup? Remember! There never was case of Croup, which did not originate in a Cold! And when your child goes to bed wheezing and coughing, you know not that, before merning, Croup may not set in, and ere you can get a Physician, your dear child may be beyond the reach of help. We beseech you therefore, as you value the lives of your children, keep this medicine by you in the house, and when your little cases take cold and commence compline, sive titu them at once and rest not until the careh. coughing, give it to them at once, and rest not until the caugi is entirely subdued. for the cold would be cured, before it could arrive at this aggravated and fatal stage. Let every Mother, especially, beed well these remarks, that she may not hereafter, when mourning over the early blight of some cherished blossom, have occasion bitterly to reproach herself for her criminal neglect. It is an old adags, that "to be firewarned, is to be forearmed." Parents! so let it be in your case.

Be sure to ask for Dr. A. Rogers Syrup of LIVERWORT, TAR and CANCHALAGUA, and let no other be palmed on you.
